

BUILD YOUR OWN SHADOW BOX

If you have military medals hidden in a drawer somewhere in your house, or you're looking for a fresh new way to display memorabilia this DIY workshop is for you!

You'll learn how to make your own mounted shadow box that can be opened with ease so service memorabilia inside can be removed and worn on special occasions (ANZAC day) or reunions.

Bring your items to the Shed and over 4 weeks you'll craft the perfect shadow box frame to show off your memorabilia. Sessions guided by our resident frameologist.

All materials included in cost.
