

SURVEY

Physical Activity and Autism

Access for All Abilities (AAA) increases opportunities for people with a disability to participate in community based sport and recreation. AAA is a state-wide program with officers working across every local government area.

This survey has been created to capture the recreational interests and needs of those with experience of autism. The results will be used to consider the development of activities within the Shire of Melton for children and young adults with autism.

How many children with autism do you have?

What is their date of birth?

Is your child currently involved in any community based sporting or recreational activities? Y / N
If they are, please list.

If they aren't involved, are there any specific issues/barriers/concerns which limit their participation?

What types of activities would they be interested in participating in?

Please tick all relevant.

Aussie Rules Football / Auskick	<input type="checkbox"/>
