M17/7765

Dear Mayor

Thank you for your letter commending the work that has gone into delivering a refreshed Plan Melbourne. *Plan Melbourne 2017 – 2050* incorporates new and improved policies including on housing affordability and climate change. It also reflects critical transport infrastructure projects that connect people to jobs and services.

As you note in your letter, the success of a long term metropolitan planning strategy relies on its policies being implemented over time. The release of a separate 5-year Implementation Plan, which is being overseen by the Minister for Planning, will involve the participation of key partners, including the City of Melton and other local councils.

I am confident that the Government's refreshed Plan Melbourne will guide the growth of our city over the next 35 years and ensure that Melbourne will continue to be a city of opportunity and choice.

Thank you again for taking the time to write to me on this matter.

Yours sincerely

The Hon Daniel Andrews MP
Premier
