The desexing of this animal contributes to being eligible for a council-reduced registration fee.

Under law, all cats and dogs over 3 months old must be microchipped and registered with council.

The appropriate age for desexing your pet should be determined after discussions with a veterinary practitioner.

Australian Veterinary Association (Victorian Division)

together with the

Municipal Association of Victoria

Cat and dog reduced fee desexing voucher scheme

As veterinary practices differ in techniques and therefore pricing in regard to desexing of an animal, these arrangements allow the owner to pay the difference in cost after a discount of 25% of the advertised desexing price of the veterinary practice and the council contribution have both been subtracted.

This notice is to advise members of the discounted schedule effective from 1 July 2016.

DOGS

Desexing voucher scheme rates Effective from 1 July 2016		Discount offered by vet	Council pays (incl of GST)
Female	Mature (> 7 months)	25% off advertised rate	\$85.00
	Immature (< 7 months)	25% off advertised rate	\$70.00
Male		25% off advertised rate	\$65.00

CATS

Desexing voucher scheme rates Effective from 1 July 2016		Discount offered by vet	Council contribution (incl of GST)
Female	Mature (> 7 months)	25% off advertised rate	\$65.00
	Immature (< 7 months)	25% off advertised rate	\$55.00
Male		25% off advertised rate	\$35.00

Participating Councils have been notified by the Municipal Association of Victoria (MAV) of the new arrangements.

All conditions of eligibility remain the same and all dogs and cats must have a current vaccination certificate.

The appropriate age for desexing your pet should be determined after discussions with a veterinary practitioner.
