	Wayfinding Signage

The draft concept plans for Bakery Square and Wallace Square are also available online at <http://www.melton.vic.gov.au/Council/Major-Projects/Works-Projects/Melton-Town-Centre-Redevelopment>

## Bakery Square plan

## FUNDING PARTNERS

The City of Melton would like to acknowledge the contribution by the Australian Government's National Stronger Regions Fund and the Victorian Government's Growing Suburbs Fund towards the Melton Town Centre redevelopment project.

Melton Town Centre is being transformed into a vibrant, attractive, safe and pedestrian friendly precinct. Clear pathways are being made to encourage people movement. Spaces are being created for passive and organised use and for traders to engage in the streetscape.

The Stage 4 (Bakery Square) and Stage 5 (Wallace Square) community engagement process is now open. These projects include the entire length of both Bakery and Wallace Square between Palmerston Street and Smith Street in Melton. Your ideas and the outcome of the consultation process will lead to a universal design which will include:

- Footpath pavement upgrade works
- Additional street planting and landscaping
- Improved pedestrian crossing points

We value your thoughts, community feedback will be used to finalise the Concept Plan to be presented to Council. Construction works will be subject to Council approval and available budget.
