

**Draft
Council and
Wellbeing
Plan**

2017-2021

REVISED JUNE 2019

A THRIVING
COMMUNITY WHERE
EVERYONE BELONGS

**Acknowledgement of
Traditional Owners**

Melton City Council acknowledges the traditional custodians of the land, the Kulin Nation. The City celebrates its rich Indigenous history, the diversity of its people and their important ongoing connections to Country. We acknowledge the past injustices faced by our First Peoples and are committed to play our part in ensuring that these injustices are not repeated. We appreciate that we still have a long journey ahead of us. Melton City Council advocates for Aboriginal and Torres Strait Islander peoples' right to self-determination.

I am pleased to present the updated 2017-2021 Melton City Council and Wellbeing Plan at the midway point of the four year period. This update highlights the ongoing transformation of Council's goals and aspirations into tangible outcomes and benefits for our community.

The 2017—2021 Council and Wellbeing Plan is an ambitious and well thought out plan that identifies Council's key projects and advocacy priorities over the four year Council term. These priorities aim to capitalise on the opportunities, and address the challenges, that our continued, sustained growth affords our municipality, and enable us to plan and schedule the timely delivery of services and infrastructure to our ever-changing community.

Our vision of 'A Thriving Community Where Everyone Belongs', is the foundation on which the 2017-21 Council and Wellbeing Plan is built. This vision engenders community pride, a safe and diverse environment, where everyone is welcome, nurtured and are given the opportunity to realise their greatest potential.

If we all work together; Council, community groups, service clubs, businesses and residents alike; we will unequivocally reach our full potential and transform this City into all that it can be.

In the past two years, we have worked hard to achieve many of our goals. Advocacy campaigns such as Build Melton Hospital has resulted in significant engagement with local residents, lending weight to our push for a fair share of funding from other levels of government.

The Melton Town Centre Redevelopment project has been successfully delivered, as well as important projects from our 2017/18 Capital Works Program such as Westwood Drive road and bridge construction, which provides a vital transport link for members of our community.

In the form of a beautiful hard-cover book titled *Growth, Progress and Community: a history of the Melton district*, our local history has been captured in time. Melton: A City for All People, which incorporates four individual strategies, provides a holistic and strategic approach to ensuring people of all ages and abilities are able to grow and thrive throughout all life stages. The 2018 Lifelong Learning Festival promoted the idea that learning is a great social activity that makes life more fulfilling and enjoyable.

We take the management of our natural environment very seriously and, in collaboration with community groups and stakeholders, have prepared an Integrated Water Management Plan to reduce the use of potable water, while increasing the use of waste water from alternate sources.

We are always keen to engage with community members in order to best understand their perspectives and thoughts on issues affecting their day to day lives. Through household surveys, community engagement sessions, print publications and social media platforms we keep open the lines of communication and information gathering.

I'm sure you'll agree it's been a productive two years with many great outcomes for local residents. I feel confident that the next two years will see Council deliver more projects; initiatives and infrastructure that will help consolidate the City of Melton's position as one of the most desirable places to raise your family, run your business and build your home.

**Cr Bob Turner
Mayor
City of Melton**

The Melton City Council and Wellbeing Plan 2017—2021 is the key document that sets out the strategic and planning direction for Council and the community over the four year Council term.

To reinforce our commitment to improving the health and wellbeing of our residents, business owners and visitors alike, Council has incorporated its Municipal Health and Wellbeing Plan into its Council Plan. This strategic decision clearly articulates that the prosperity of our community is not only a key priority, but will be a major factor in influencing everything that Council does going forward; from preserving our natural environment for future generations, to the way we develop new suburbs, implement services and programs, or design transport and other community infrastructure.

The Council and Wellbeing Plan 2017-2021 outlines our commitment to the delivery of key projects and programs that our community has identified as being important, and provides clear strategies that will see these robust initiatives come to fruition.

Each year, we review the Annual Action Plan, which forms part of our broader Council and Wellbeing Plan, to ensure we are accountable and continue to meet our fiscal commitments, whilst remaining relevant in a dynamic and growing environment.

Now, as we find ourselves at the half-way point of this current plan's lifecycle, it's very pleasing to report that Council is cementing its focus and delivering on the community's high and diverse expectations. We continue to deliver new infrastructure and update existing facilities that make our residents proud to call the City of Melton home.

Highlights from the past two years include the redevelopment of Melton Town Centre, construction of Abey Road Bridge, City Vista Recreation Reserve, the duplication of Hume Drive, the extension of Caroline Springs Leisure Centre and sub-regional tennis complex, and Westwood Drive Bridge.

Major capital projects underway include: female change room upgrade program; design and construction of Weir Views Park and Wetlands, Arnolds Creek Playground, redevelopment of Bill Cahill Reserve and Hannah Watts Park; design and construction of Kurunjang Neighbourhood House; redevelopment of Macpherson Park Regional Facility; and Stage 1 Eynesbury sports ground, playground, pavilion, lighting and car park.

Looking ahead, I'm confident that that the remaining two years of the Council and Wellbeing Plan will bring many new opportunities and outstanding achievements for our community, and will further cement the City of Melton as one of Melbourne's most desirable places live, work and play.

**Kelvin Tori
Chief Executive Officer
Melton City Council**

Melton City Council is committed to strategic and inclusive planning and as part of this has developed the *Council and Wellbeing Plan 2017-2021*, which sets the strategic direction for Council operations over the next four years.

For the first time, Council has incorporated its Municipal Public Health and Wellbeing Plan into the Council Plan. In doing this, Council reinforces its high level commitment to promoting, improving and protecting public health and wellbeing in everything we do.

The *Council and Wellbeing Plan* was developed following extensive community consultation, partner agency and Council officer engagement and analysis of relevant data, trends, research and State and Federal policy direction.

As the City continues to grow and mature, there are a number of opportunities and challenges that must be considered. These include rapid population growth, social cohesion, access to services, provision of and access to local infrastructure, transport, education and employment, and the preservation and protection of the natural environment. To optimise the opportunities and respond to the challenges, we must provide strategic leadership and work in collaboration to better engage, represent and communicate with our diverse community.

For the first time Council has incorporated the Municipal Public Health and Wellbeing Plan into the Council Plan, reinforcing its high level commitment to promoting, improving and protecting public health and wellbeing.

The *Council and Wellbeing Plan* describes how Council sees the development of the City in years to come, describing its vision for – *A Thriving Community Where Everyone Belongs*. This vision is underpinned by five themes:

- Theme one**
A proud, inclusive and safe community 
- Theme two**
A thriving and resilient natural environment 
- Theme three**
A well planned and built City 
- Theme four**
A strong local economy and lifelong learning City 
- Theme five**
A high performing organisation demonstrating leadership and advocacy 

Each theme outlines a number of objectives, strategies and performance indicators.

The *Council and Wellbeing Plan 2017–2021* will be reviewed annually and each year an Annual Action Plan will be developed and progress reported to Council on a quarterly basis. The *Council and Wellbeing Plan* has been prepared in accordance with the *Local Government Act (1989)* and the *Public Health and Wellbeing Act (2008)* including having regard to the Victorian Public Health and Wellbeing Plan.

About the Council and Wellbeing Plan 2017–2021

Melton City Council is committed to strategic and inclusive planning for the future and as part of this, has developed a Council and Wellbeing Plan to be the base of the City's policy development, decision making and community accountability.

For the first time, Council has incorporated the Municipal Public Health and Wellbeing Plan (MPHWP) into the Council Plan to reinforce its high level commitment to promoting, improving and protecting public health and wellbeing in everything we do.

The *Council and Wellbeing Plan* provides direction not only to Council and its staff, but also to our community, stakeholders, local service providers and other levels of government. It provides confidence in how we respond to challenges and opportunities we currently deal with and establishes strength in our direction for development beyond 2021.

The Plan represents our priorities for moving toward achieving the Council vision over the next four years by detailing the medium term direction and outcomes of Council. It describes Council's vision, objectives and strategies and guides the development of all strategies, operational plans, resource plans and annual budgets.

The Plan is Council's primary strategic planning document that provides overall direction and links to more detailed information in other planning documents. These documents are available on our website melton.vic.gov.au.

How the Plan works

The *Council and Wellbeing Plan* is prepared in accordance with the *Local Government Act 1989 (Vic)* and *Public Health and Wellbeing Act 2008 (Vic)*.

The *Local Government Act* states that all Victorian Councils must prepare a Council Plan within the period of six months after each general election or by the next 30 June, whichever is later.

Municipal Public Health and Wellbeing Plans (MPHWPs) are prepared in accordance with the *Public Health and Wellbeing Act* including having regard to the Victorian Public Health and Wellbeing Plan. The Victorian Public Health

and Wellbeing Plan guides the work of state and local governments, health services and providers, businesses and employers, and the wider community to improve the health and wellbeing of all Victorians. It outlines Victorian Government public health strategic directions to improve health and wellbeing at every life stage. Council, in partnership with local and regional health agencies, delivers services and projects that address the health priorities in the Victorian Public Health and Wellbeing Plan.

The Public Health and Wellbeing Act requires Councils to prepare an MPHWP every four years, aligning with the timing of new Council Plans, to identify and respond to the health and wellbeing needs of current and future communities.

Including the MPHWP into the Council Plan is permitted under the provision of the *Public Health and Wellbeing Act*.

Council has integrated the MPHWP into its Council Plan to:

- recognise that all areas of Council have an impact on the health and wellbeing of the community
- ensure a whole of Council and community approach to promoting and protecting community wellbeing
- align strategic planning, objectives and indicators.

The *Council and Wellbeing Plan 2017–2021* will be reviewed each year to reflect the evolving needs of our growing community. The progressive achievement of the Plan will be reported to the community in Council's Annual Report.

The *Council and Wellbeing Plan 2017-2021* contains the following elements:

Themes

Focus areas that bring together issues, opportunities and activity to achieve Council's vision for the community

Strategic Outcome

Describes the future condition upon the achievement of the theme area's committed objectives

Objectives

The strategic purpose statements that set the direction to manage underlying issues or take advantage of presenting opportunities

Strategies

The set of approaches that describes how Council will implement the achievement of each objective. Strategies connect to Council's ongoing services and priority projects, initiatives and programs

Performance Indicators

The data that is evaluated to monitor how well Council is progressing towards achieving the Plan's objectives

Health and Wellbeing icons

Objectives, strategies and indicators with a strong health and wellbeing focus have been identified with a health and wellbeing icon 

Integrated Planning and Reporting Framework

Melton City Council has developed a strategic and integrated approach to planning and delivering services to meet the community's current and future needs of the community.

Integrated planning and reporting aims to ensure we remain an adaptive, responsive and viable local government authority. This is facilitated by understanding what our community aspires to, setting direction within our resource capability and allowing Council to make informed decisions on behalf of our community.

Council's Integrated Planning and Reporting Framework is used to set a strategic direction which reflects where the City has come from, where it is going and how it will get where it needs to be. This is translated into services delivered to the community through our Annual Action Plan.

In 2016, Council invited the community to contribute to a shared vision for the future – a detailed picture of where we want to be in 2036. *Melton City 2036 – The City We Imagine* is the first community vision for Melton City. It outlines what the community wants the City to look like, feel like and offer over the next 20 years, and to achieve it the community, service providers, businesses, the private sector and all levels of government, including Council, will be required to work together. *Melton City 2036 – the City We Imagine* sets the foundation for Council planning and implementing the *Council and Wellbeing Plan* will help achieve it.

The Plan sets the strategic direction for Council operations over the four year term of the elected Council. It is reviewed annually to ensure we continue to provide relevant services with the financial capacity, assets and people available to deliver.

As the overarching strategic document, the Plan provides direction to enable the generation of the necessary range of targeted strategies. These specific strategies provide Council with the evidence based research, information and resourced action plans required to deliver services and specific initiatives.

The Plan will drive the development of Council's Annual Action Plans and Budget. The Annual Action Plan and Budget are actioned through operation plans linked to individual staff performance plans to create accountability and transparency at the organisational, management and individual levels.

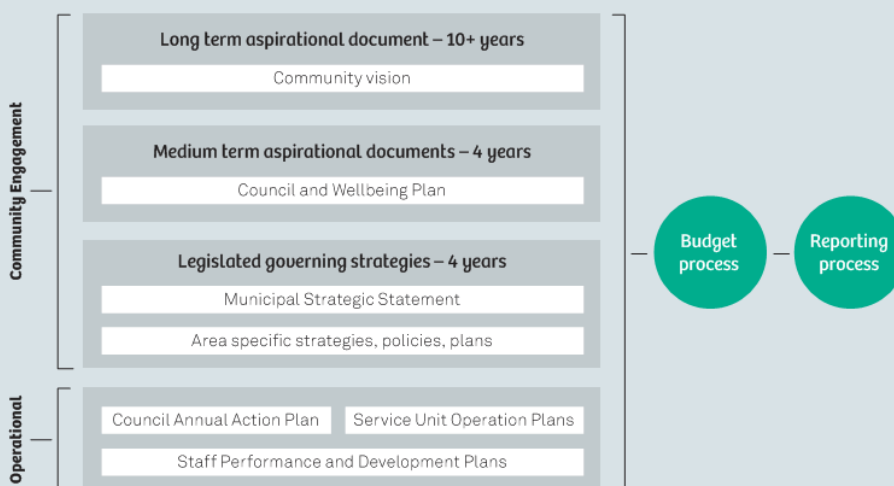

Figure 1: Integrated Planning and Reporting Framework

How the Council and Wellbeing Plan was developed

The Plan has been developed following extensive community consultation, partner agency and Council officer engagement and analysis of relevant data, trends, research and State and Federal policy directions.

The consultation and research process was designed and led by Council. Throughout 2016 people with a connection to the City were invited to share their hopes and aspirations for the future and identify aspects of the municipality that they would like to see improved or protected. The consultation offered multiple avenues for engagement including a survey, and through schools, community programs, festivals, events and online platforms. Community workshops and two community forums were also held.

This consultation has supported the development of a relevant Plan that identifies issues, opportunities, objectives and strategies.

How the Plan will be implemented, monitored and reviewed

Each year, Council will produce an action plan, identifying how it will work towards achieving the strategic outcomes and objectives identified in the *Council and Wellbeing Plan*, aligned with the annual budget process.

Council's key strategic activities and new initiatives are described in the Annual Action Plan.

Progress on these activities is then detailed in Council's Annual Report, with major projects and service highlights reported to Council on a quarterly basis.

Although the *Council and Wellbeing Plan* describes our strategic direction up to 2021, we recognise the importance of being flexible and adapting to new challenges. For this reason, we will undertake annual reviews and update the Plan to maintain its relevance to our operating environment.

The Council and Wellbeing Plan has been developed following an extensive community engagement process.

Our location

The City of Melton is directly connected by the Western Ring Road and Deer Park bypass to Melbourne's major freeways, main airport, major industrial hub and the Port of Melbourne. The Western Highway, an important national freight route, runs through the municipality.

The City of Melton is within a comfortable driving distance north west of Melbourne's Central Business District (CBD). The City's residential population is currently concentrated in Melton township and Melton east districts.

Council's traditional population centre, Melton township, comprises the suburbs of Melton, Melton West, Melton South, Kurunjang and Brookfield and is centred on the Melton major activity centre, around 35 kilometres north west of Melbourne's CBD. The township continues to grow while preserving features of its rural heritage.

The City of Melton's eastern corridor is centred around the major activity centre of Caroline Springs, approximately 19 kilometres north west of the Melbourne CBD. The eastern corridor includes the suburbs of Burnside, Burnside Heights, Caroline Springs, Hillside and Taylors Hill. This district has been the focus of most of the population growth over the past two decades.

Increasingly, the focus of development is in the small township of Toolern Vale and the growth suburbs of Diggers Rest, Eynesbury, Harkness, Aintree, Bonnie Brook, Cobblebank, Deanside, Fieldstone, Fraser Rise, Grangefields, Ravenhall, Rockbank, Strathtulloh, Thornhill Park, Truganina and Weir Views.

Melton also has a number of significant rural areas including Parwan, Plumpton, Mount Cottrell, Exford and parts of Diggers Rest, Toolern Vale and Eynesbury.

Our history

The City of Melton has a rich Aboriginal heritage which goes back over 40,000 years. Three different but related language groups, each made up of a number of individual clans, lived in areas now covered by western region councils. These language groups were called Woiwurrung (Wurundjeri), Wadawurrung and Boonwurrung. Aboriginal and Torres Strait Islander City of Melton residents are likely to have come from many places from across Australia. Historically and today, the inheritance of cultural practice for next generations is important and encourages links to people and places.

Aboriginal stone tools and camp sites have been found along local water courses, as well as a number of scarred trees where bark was taken for making canoes, carrying containers, shields and shelters. There are a number of Aboriginal heritage sites in the City of Melton: the Melton Valley Golf Course canoe scar tree, the Bullum Bullum camp site in Burnside and the site of the areas last known corroboree of 1863 in Hannah Watts Park, Melton.

The first European settlers arrived in 1830. By 1862, Melton was created as a district, which would develop a rich pastoral and farming heritage. This era is still evident with numerous remaining pastoral homesteads, dry stone walls and dams.

In the 1960s, Melton was declared Melbourne's first satellite city. Extensive suburban development led to a major increase in population through the 1980s. Throughout the last decade, the municipality has continued to experience unprecedented population growth and is currently recognised as one of the fastest growing municipalities in Australia. In acknowledgement of our fast growth, Melton Shire Council was granted city status by the State Government in September 2012 and is now known as Melton City Council.

Our growth

The City of Melton is one of Australia's fastest growing municipalities offering enviable and unique urban and rural lifestyles. These attractions have underpinned growth of close to 6000 people per annum over the past decade, equating to the addition of around 34 new families per week.

The City's residential population has grown from 52,029 in 2001 to an estimated 140,422 in 2016. Over the next decade population growth is expected to exceed 7800 people per annum. By 2041, it is expected to reach 374,700 residents and when the City reaches its ultimate population it will have more than 400,000 people.

Our community

New arrivals to the City tend to be young couples with or intending to have young children, making the City's population one of the youngest in Victoria. The median age of residents was 31 at the time of the 2011 Census and more than 70 per cent of the population were aged under 40 years. Almost half (43 per cent) of all households were couples with children, and each week 42 babies were being born to parents residing in the City.

The City of Melton welcomes people from around the world and is enriched by cultural and linguistic diversity. More than 30,000 people were born overseas, representing more than 130 different nations. A particularly large number of the City's residents were born in India, the Philippines, New Zealand, Malta and Vietnam. In recent years, the City has welcomed an increase of people from African and Asian nations through skilled migration, family reunion and refugee immigration streams, adding further to the City's cultural diversity.

Our opportunities and challenges

As the City of Melton continues to grow and mature, there are a number of opportunities and challenges that must be considered.

Planning for growth must be supported through social cohesion, provision and maintenance of infrastructure and open spaces, education and employment opportunities, recreation and tourism opportunities, access to services and support throughout the lifespan and a focus on ensuring people can feel and be safe.

The City's natural environments must be preserved and protected for future generations and we must respond to the effects of climate change. The sense of community and pride is strong and we must actively work to ensure this remains. Our community is varied and as such we must engage and work together in a fair and inclusive way, acknowledging that not everyone has the same background, circumstances or access to the resources required to support a healthy and thriving life. The City's young people are our future and we must work with them and ensure opportunities that create and support bright futures for all.

To optimise the opportunities and respond to the challenges, we must provide strategic leadership and work in collaboration to better engage, represent and communicate with a diverse community.

The City's young people are our future and we must work with them and ensure opportunities that create and support bright futures for all.

The role of Council

The *Local Government Act 1989 (Vic)* sets out the primary purposes and objectives of Councils and defines their functions and powers.

The Council is a public statutory body incorporated under the Act. Its role is to govern the City of Melton in service of the community.

Council has a wide responsibility for ensuring the viability and sustainability of the City. It is required to deliver a range of services under legislation or funding agreements with both the State and Federal Governments. Council is also required to operate within State, Commonwealth and international legislation such as the Disability Act and the Charter of Human Rights.

Council provides a range of required services used by most residents such as waste management, maternal and child health, maintaining local parks, local roads and bike path infrastructure.

Other services respond to individual community needs such as youth services, meals on wheels, leisure centres and learning programs. A range of internal services are not directly used by all residents but are fundamental to the delivery of good governance such as finance, human resources and information services.

Melton City Council:

- Must promote the social, economic and environmental viability and sustainability of the municipality
- Acts as a representative government and considers community needs when making its decisions
- Establishes strategic objectives (outcomes) for municipal services and monitors their achievement
- Ensures the responsible and accountable management of the organisation's resources
- Advocates local community interests to other communities and governments
- Is a responsible partner in government, taking the needs of other communities into account
- Fosters community cohesion and encourages participation in civic life.

For more information on the role of Council see the Victorian Government's Guide to Local Government at localgovernment.vic.gov.au or visit the websites of the three main local government peak bodies:

- Australian Local Government Association (ALGA), alga.asn.au
- Municipal Association of Victoria (MAV), mav.asn.au
- Victorian Local Governance Association (VLGA), vlga.org.au

Council provides a range of required services used by most residents such as waste management, maternal and child health, maintaining local parks, local roads and bike path infrastructure.

Councillors and wards

The City of Melton comprises three wards, each represented by democratically elected Councillors to serve for a four year period. City of Melton Councillors are:

About the organisation

To support Council in its functions, an Executive Management Team is appointed to administer staff and the operational activities of Council. This team, led by the Chief Executive Officer, is responsible for managing the implementation of Council's decisions.

The Executive Management Team consists of three General Managers led by the Chief Executive Officer (CEO). The CEO reports directly to Council. Each General Manager has a designated area of responsibility and is supported by Service Unit teams.

Chief Executive Officer, Kelvin Tori

Kelvin provides strategic guidance for the management and development of Melton City Council.

General Manager Community Services, Maurie Heaney

Maurie's portfolio at Melton City Council includes service units such as Community Care, Families and Children, Recreation and Youth, Community Planning and Libraries.

General Manager Planning and Development, Luke Shannon

Luke is responsible for providing advice to Council and general management in the areas of Planning, Compliance, City Design, Strategy and Environment, Engineering Services, Capital Projects and Operations.

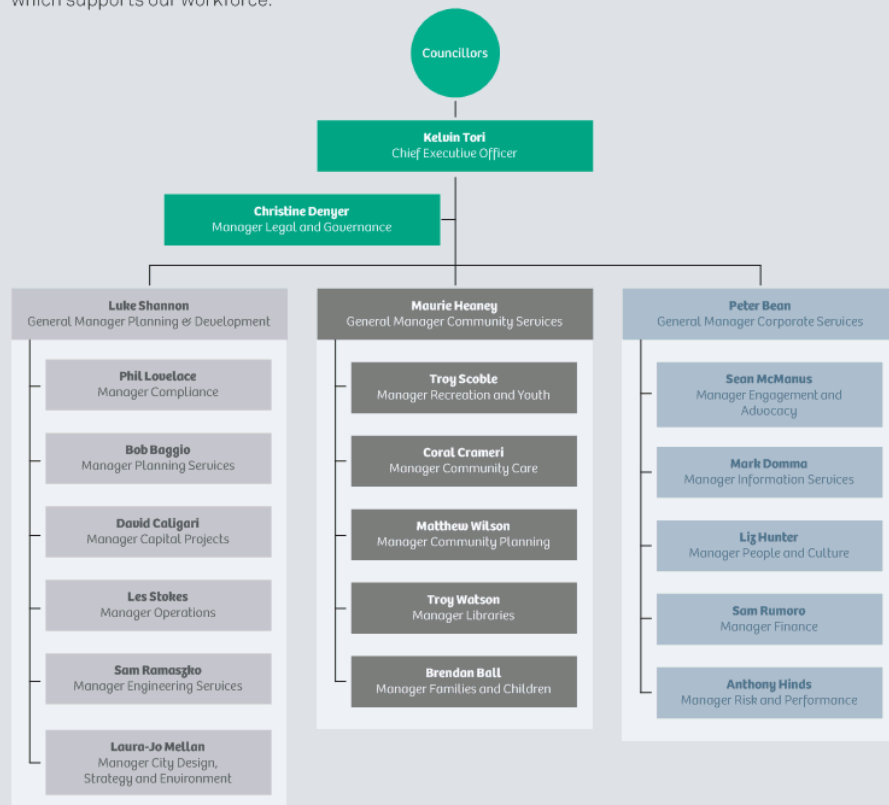

General Manager Corporate Services, Peter Bean

Peter's portfolio covers areas such as Finance, Risk and Performance, Information Services, People and Culture and Engagement and Advocacy.

Organisation structure

Council staff are employed to provide advice and expertise to the Council to assist with policy development and decision making. Figure 2 provides representation of the organisations management structure which supports our workforce.

17 Figure 2: Organisation Structure

Our vision describes how Council sees the development of the City in years to come.

Our vision is for...

A Thriving Community Where Everyone Belongs

Our mission

Council's mission statement acknowledges our role in planning for our future while professionally managing for our present community.

Melton City Council will:

Support the growth, wellbeing and aspirations of our community through leadership, excellence and inclusion.

Council is committed to providing the relevant support and essential services that meet the challenges associated with population growth and the related needs of accessible services and infrastructure.

In undertaking this, Council is supporting the quality of life of our residents and assisting both individual needs and community aspirations. We wish to create an environment that supports local resilience and provide opportunities to meet our community's desires, hopes, goals and ambitions.

We will continue to lead by example, being committed as an organisation of innovation and service excellence through the continued development of our staff, systems and processes. This investment will ensure we excel as a high performance organisation of continuous improvement in service delivery.

Our values

Our values are an important expression of who we are as an organisation, introducing an ethical framework to the way we do business and engage with our communities. Our values are the fundamental building blocks of our character and reputation, who we are and how we are seen by others.

Our values are:

- Continuous Improvement
- Recognition
- Accountability
- Fairness
- Teamwork

Council is committed to promoting and protecting the wellbeing of its community. This commitment is underpinned by principles of social justice and equity and recognises that all Council decisions, policies, programs and services have a direct or indirect impact on community wellbeing.

There are a number of factors that contribute to positive health outcomes. These include access to transport, employment, education, housing and food, freedom from violence and discrimination and access to health services that unfortunately not all members of our community have equal or fair access to. Council is committed to supporting marginalised community groups, including but not limited to young people, women, people who are homeless, low income earners, older people, people with a disability, newly arrived community groups, Aboriginal and Torres Strait Islander people and our Lesbian, Gay, Bisexual, Transgender, Intersex, Queer (LGBTIQ) community.

Council acknowledges and celebrates our community's diversity in age, gender, religion, culture, sexuality, ability, socio-economic status and background. Individuals do not exist in isolation and we acknowledge the networks, settings and environments in which our community live, work, study and recreate.

Networks and settings that influence our health and wellbeing include our families, peers, schools, workplaces, neighbourhoods, media, sporting clubs, community groups and clubs, community spaces and places of worship. It is our social, natural, physical and economic environments that must create supportive environments to enhance health and wellbeing for all.

Health and wellbeing is embedded throughout the Council and Wellbeing Plan 2017–2021, cutting through each theme, outcome, objective, strategy and indicator. The areas with a stronger link to health and wellbeing, are displayed with a heart icon.♥

Working in partnership

To protect, improve and promote community wellbeing, a whole of community approach is required. Council recognises that it does not have sole responsibility for delivering and achieving every community wellbeing outcome. Council plays many roles including partner, advocate, funder, broker and planner. Without our partner agencies the outcomes of Council and Wellbeing Plan cannot be achieved.

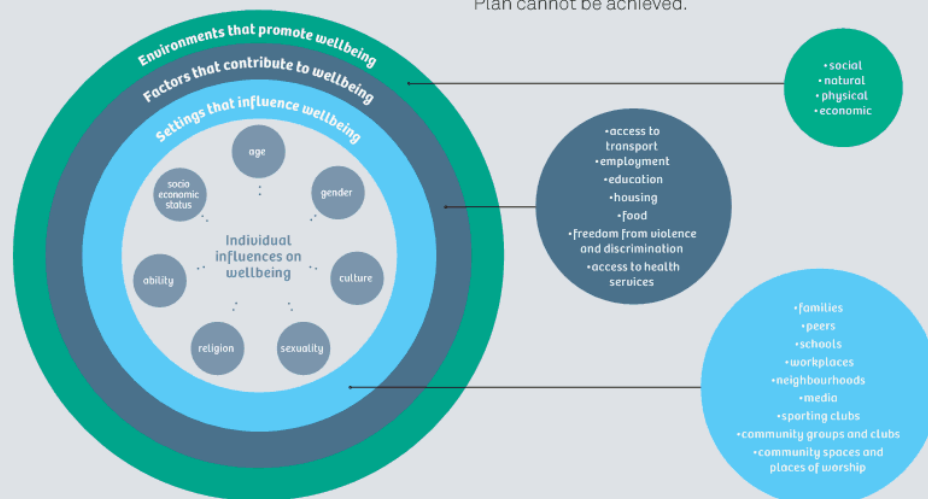

Figure 3: Promoting and protecting community wellbeing

To achieve this vision, five themes which bring together issues, opportunities and activities have been identified through extensive research and consultation with community and other stakeholders. Each theme contains a number of objectives, performance indicators and strategies.

01

Theme one
A proud, inclusive and safe community

Outcome one
A City of people leading happy and healthy lives

02

Theme two
A thriving and resilient natural environment

Outcome two
A City that preserves and enhances its natural environment for future generations

03

Theme three
A well planned and built City

Outcome three
A City with a clear vision to manage growth in a sustainable and accessible way

04

Theme four
A strong local economy and a lifelong learning City

Outcome four
A City rich in local employment and education opportunities

05

Theme five
A high performing organisation demonstrating leadership and advocacy

Outcome five
An organisation operating with innovation, transparency, accountability and sustainability

01

Theme one

A proud, inclusive and safe community

Outcome one

A City of people leading happy and healthy lives

Our community is at the heart of everything we do. Council is committed to supporting a strong and inclusive community that elicits pride. People in our City have told us they value a sense of community, want to feel and be safe in their homes and neighbourhoods and want opportunities to participate in community programs and gatherings. Proud, inclusive and safe communities are created through strong partnerships, local leadership, services and programs and environments that promote and protect community wellbeing.

Objectives	Performance indicators	Strategies
<p>1.1 A community where all people feel welcome, valued and proud </p>	<ul style="list-style-type: none"> The proportion of the population who agree they feel proud of, connected to and enjoy their neighbourhoods  The proportion of the population who believe the City of Melton is a welcoming and supportive community for everyone  	<p>1.1.1 Create opportunities for people of all backgrounds to share and express cultural and religious experiences, knowledge, stories and traditions </p> <p>1.1.2 Provide opportunities for meaningful community engagement and community capacity building initiatives</p> <p>1.1.3 Contribute to a welcoming environment which embraces diversity </p> <p>1.1.4 Provide opportunities and support initiatives that promote empowerment, development and participation for all </p>
<p>1.2 A safe and equitable community </p>	<ul style="list-style-type: none"> Community perception of safety during the day  Community perception of safety at night  Community perception of the prevalence of family violence  	<p>1.2.1 Promote a sense of safety in all settings and among all people </p> <p>1.2.2 Advocate for increased police numbers including within the Family Violence Response Unit</p> <p>1.2.3 Support and promote safety and environment through education and the protection of the amenity of the municipality </p> <p>1.2.4 Contribute to a gender equitable community to prevent violence against women </p> <p>1.2.5 Contribute to reducing inequalities among marginalised community groups including children and adults with a disability, older adults, underrepresented cultural groups, Aboriginal and Torres Strait Islander communities and LGBTIQ people </p> <p>1.2.6 Enhance the capacity of communities experiencing challenges to develop effective solutions </p> <p>1.2.7 Provide, promote and support initiatives and programs that encourage people to build personal identity, wellbeing, confidence and a sense of belonging to the community </p>
<p>1.3 Equitable, inclusive and accessible community and health infrastructure and services </p>	<ul style="list-style-type: none"> Community satisfaction with the level of access to local health services  Community satisfaction with support services  Council infrastructure is equitable, inclusive and accessible 	<p>1.3.1 Advocate and plan for long term health infrastructure </p> <p>1.3.2 Deliver localised services and programs that are based on community need </p> <p>1.3.3 Support existing and attract new community service organisations to ensure the current and future needs of the community are met </p> <p>1.3.4 Plan, advocate and provide services and facilities that respond to the changing needs and life stages of the community </p> <p>1.3.5 Provide, promote and support initiatives and services that contribute to improving access, inclusion and equity for all </p>

Theme two

A thriving and resilient natural environment

Outcome two

A City that preserves and enhances its natural environment for future generations

Council is committed to protecting and enhancing its natural environments including grasslands, forests, waterways and its flora and fauna.

We recognise the adverse effects of climate change and are committed to actively taking steps to reduce its effects. Our community values the City's natural spaces and wants to ensure they are preserved, accessible and welcoming now and for future generations. They recognise the many benefits of the natural environment – including for health and wellbeing. A whole-of-community commitment will be required to ensure a thriving natural environment for current and future generations.

	Objectives	Performance indicators	Strategies
2.1	A resource efficient City	<ul style="list-style-type: none"> • Kerbside collection waste diverted from landfill* • Percentage of Council buildings (floor space) audited for water efficiency 	2.1.1 Reduce use of potable water 2.1.2 Increase use of wastewater from alternate supplies 2.1.3 Consider the waste hierarchy to promote a whole of life-cycle approach to purchasing decisions 2.1.4 Facilitate municipal waste management strategies to reduce waste to landfill
2.2	A 'low-carbon city' well-adapted to changing climate conditions ♥	<ul style="list-style-type: none"> • Percentage of Council buildings (floor space) audited for energy efficiency • Trees planted in the City ♥ 	2.2.1 Reduce greenhouse gas emissions ♥ 2.2.2 Foster community resilience to a changing climate ♥ 2.2.3 Employ the principles of climate change adaptation in Council infrastructure ♥ 2.2.4 Increase tree canopies and enhance habitat corridors ♥
2.3	A City with healthy waterways, biodiversity and ecosystems	<ul style="list-style-type: none"> • Percentage of Council managed conservation reserves with Reserve Management and Monitoring Plans • Council responsibilities towards the environment 	2.3.1 Ensure biodiversity is well managed and protected including Council's environmental reserves and private land 2.3.2 Maintain and improve rural land to ensure it is healthy and productive 2.3.3 Advocate to water authorities regarding the maintenance and protection of waterways 2.3.4 Reduce the inflow of contaminants and litter in water bodies 2.3.5 Improve the management of rural areas
2.4	A City growing and developing sustainably	<ul style="list-style-type: none"> • Photo voltaic cells (solar panels) commissioned on the roofs of Council buildings 	2.4.1 Employ the principles of ecologically sustainable development in Council infrastructure 2.4.2 Advocate against noxious industries that adversely affect the wellbeing of the community or environment ♥
2.5	An environmentally aware community that appreciates the City's unique environmental assets ♥	<ul style="list-style-type: none"> • Participants (including volunteers) that attend environment and sustainability events coordinated or supported by Council • Community sustainability events coordinated or supported by Council 	2.5.1 Educate and engage the community in local environmental and sustainability issues ♥ 2.5.2 Facilitate access to and appreciation of local natural assets 2.5.3 Promote and support the interpretation of natural landscapes and cultural heritage

Theme three
A well planned
and built City

Outcome three
A City with a
clear vision to
manage growth
in sustainable and
accessible way

Council is committed to ensuring that the growth and development of the City occurs in an accessible, fair and responsible way. Our community has told us that community infrastructure and connected and flexible transport networks will continue to be important. Public spaces should be created and maintained, providing places for everyone. The City should grow in a way that supports the health and wellbeing of the community. Council will not be able to achieve this alone and will be an advocate and partner with planning and service providers to work towards achieving this.

Objectives	Performance indicators	Strategies
<p>3.1 A City that strategically plans for growth and development</p>	<ul style="list-style-type: none"> Community perception of Council's performance on planning for a growing population 	<p>3.1.1 Appropriately plan for future development of greenfield land and ensure linkages to existing communities and assets</p> <p>3.1.2 Undertake integrated open space planning to ensure new neighbourhoods have timely access to reserves, parks, gardens, heritage places and natural assets </p> <p>3.1.3 Advocate, plan and deliver a City that connects people to education, employment, tourism and social interactions </p> <p>3.1.4 Advocate and support development and availability of diverse and affordable housing options </p> <p>3.1.5 Advocate to and work with State Government in planning for the City's growth areas</p> <p>3.1.6 Support the conservation and restoration of heritage places</p>
<p>3.2 Community facilities, infrastructure and services that are equitably planned for, provided and maintained </p>	<ul style="list-style-type: none"> Community satisfaction with Council facilities  Percentage completion of the Annual Capital Works Program 	<p>3.2.1 Identify and address gaps in community infrastructure and open space</p> <p>3.2.2 Ensure facilities are designed and built to accommodate growth, diverse needs and future flexibility</p> <p>3.2.3 Ensure facilities are accessible, safe and well maintained </p> <p>3.2.4 Ensure existing assets are adequately renewed, maintained, fit for purpose and resilient to changing climate conditions</p> <p>3.2.5 Provide spaces and places for the community to meet, reflect and 'just be' </p> <p>3.2.6 Explore opportunities for the flexible delivery of Council services</p> <p>3.2.7 Advocate to resource providers to ensure secure public access to essential services</p>

- | | | |
|---|---|--|
| <p>3.3 Public spaces that are vibrant and engaging places for all </p> | <ul style="list-style-type: none"> • Community satisfaction with the maintenance of parks and gardens • Community satisfaction with Council's provision of parks and gardens • Residents that agree the City of Melton is vibrant, accessible and engaging | <p>3.3.1 Create diverse and inclusive opportunities for all people to enjoy and share time and spaces </p> <p>3.3.2 Provide existing and new public spaces that are accessible, safe and well maintained </p> <p>3.3.3 Provide appropriate facilities and resources across the public space network</p> <p>3.3.4 Provide and promote public art</p> |
| <p>3.4 A flexible, safe and health promoting transport network that enables people to move around </p> | <ul style="list-style-type: none"> • Community satisfaction with the public transport network within the City • Community satisfaction with parking and traffic management in the City | <p>3.4.1 Advocate for public transport which creates a better developed network within and outside the municipality</p> <p>3.4.2 Promote active transport options in the road and open space network </p> <p>3.4.3 Ensure road networks are adequate, safe and contribute to the wellbeing of the community</p> <p>3.4.4 Support creation of a connected and active community through the design and delivery of walking and cycling networks </p> |
| <p>3.5 A City that encourages and enables people to work, shop and spend time locally</p> | <ul style="list-style-type: none"> • Community satisfaction with Council activities promoting local business growth and development | <p>3.5.1 Encourage a mix of local retail, industrial and commercial development</p> <p>3.5.2 Support local place making initiatives</p> <p>3.5.3 Facilitate the delivery of high quality public realm in all retail and commercial precincts </p> <p>3.5.4 Maintain and enhance the amenity of the public realm through graffiti removal, public art, street sweeping and beautification initiatives</p> |

Council is committed to ensuring that the growth and development of the City occurs in an accessible, fair and responsible way.

04

Theme four

A strong local economy and a lifelong learning City

Outcome four

A City rich in local employment and education opportunities

A strong local economy offers a variety of education, training, employment and visitor opportunities for all ages and life stages. Our community has told us that as the population grows, the need for local schools and tertiary providers will become critical. They want to study and work locally and have more local employment opportunities. Council is committed to creating a lifelong learning City, full of opportunities for all. We will work in partnership with the community, private sector and other levels of government to achieve this.

Objectives	Performance indicators	Strategies
<p>4.1 A diverse economy that fosters business growth, encourages new investment and leads and responds to change</p>	<ul style="list-style-type: none"> Annual new planning permits issued for industrial and commercial properties Capital investment value of new planning permits for industrial and commercial properties 	<ul style="list-style-type: none"> 4.1.1 Encourage competitive and sustainable business practices 4.1.2 Identify strategies and initiatives to support businesses to establish and grow 4.1.3 Engage and partner with businesses to understand their needs and objectives 4.1.4 Explore business opportunities linked to the digital economy and a digitally connected community
<p>4.2 More local employment options with an increasing number of residents employed</p>	<ul style="list-style-type: none"> The City's unemployment rate relative to the state of Victoria's annual unemployment rate Job vacancies within the Municipality publically advertised online City of Melton Business Register 	<ul style="list-style-type: none"> 4.2.1 Facilitate pathways that encourage local employment in local businesses 4.2.2 Advocate to State and Federal governments and private industry for increased local employment opportunities 4.2.3 Advocate for improved public transport to connect residents with local employment opportunities
<p>4.3 A visitor economy that adds value to local businesses</p>	<ul style="list-style-type: none"> People engaged at visitor information points within the City Visitor engagements through digital channels 	<ul style="list-style-type: none"> 4.3.1 Promote and support existing tourism operators and attractions to increase visitation to the City and improve yield 4.3.2 Provide targeted visitor information and support services 4.3.3 Develop, deliver and support festivals, events and celebrations in partnership with community and business 4.3.4 Increase investment in intercultural festivals and celebrations

Our community has told us that as the population grows, the need for local schools and tertiary providers will become critical.

	Objectives	Performance indicators	Strategies
4.4	A City with a variety of local education facilities and programs 	<ul style="list-style-type: none"> • Community perception of Council advocacy for improved education facilities • The rate of school leavers entering higher education, vocational education or employment  	<ul style="list-style-type: none"> 4.4.1 Advocate and plan for opportunities for local primary and secondary schools 4.4.2 Advocate and plan for opportunities for tertiary and vocational education and training providers 4.4.3 Advocate for inclusive education opportunities for all 4.4.4 Support local pathways between education, training and employment  4.4.5 Invest in programs that support children's growth and development  4.4.6 Facilitate local, national and international opportunities for education and lifelong learning
4.5	Lifelong learning opportunities are available and promoted 	<ul style="list-style-type: none"> • People participating in neighbourhood house programs  • Community satisfaction with local library services  	<ul style="list-style-type: none"> 4.5.1 Partner with community organisations and the employment and education sectors to identify skills shortages and provide employment pathways 4.5.2 Promote learning for all aspects and stages of life  4.5.3 Facilitate flexible lifelong learning opportunities for all abilities through neighbourhood houses, community facilities and library services  4.5.4 Create a learning culture in the City through early engagement with and support for children, young people and families 

05

Theme five

A high performing organisation demonstrating leadership and advocacy

Outcome five

An organisation operating with innovation, transparency, accountability and sustainability

Council is committed to providing strategic leadership and working in collaboration to better engage, represent and communicate with our diverse community. We will ensure our services and facilities are efficient, effective and appropriate to get the best outcomes for our community. We will manage the municipality in an innovative, responsible and financially sustainable way that meets the needs and aspirations of current and future communities.

	Objectives	Performance indicators	Strategies
5.1	Deliberative engagement and effective communication with the community that informs planning and decision making	<ul style="list-style-type: none"> Community satisfaction with consultation and engagement* 	<ul style="list-style-type: none"> 5.1.1 Explore opportunities for deliberative community engagement 5.1.2 Develop and deliver meaningful community engagement initiatives 5.1.3 Provide meaningful engagement opportunities with under-represented and disengaged groups 5.1.4 Deliver early engagement with new communities including newly arrived and settled communities and communities in growth precincts  5.1.5 Explore new and emerging technologies to promote and provide accessible communication and engagement opportunities
