

Appendix 5 – Referral Comments

<i>Type of Referral</i>	<i>Responses</i>
Internal	
Engineering Services (Traffic and Design)	No objection subject to conditions.
Engineering Services (Infrastructure Planning)	No objection subject to conditions.
City Design, Strategy, and Environment (Urban Design)	Outlined a number of changes to the proposed development to address the issues of visual bulk, which was the primary concern of the VCAT member. The suggested alterations by Urban Design were not fully addressed by the applicant.
Waste Services	Council will provide a waste collection service if there is at least 8m of unrestricted kerb access at the front of the property (excluding crossover).
