Hi Wayne

I have had a look at Melfin Dve and hopefully the petition doesn't get to much buy in as it would be a huge negative impact to the street if these trees were to be removed.
Below are the figures for an average tree

Removal cost - \$1025.00 p/tree
Amenity value using the COM Tree Valuation formula (Mauer Hoffman) - \$29,287.59 p/tree

Let me know if you need anything further

Cheers

Adam
