### A sporting hub with exceptional facilities

Council's investment of \$15M into the development of community facilities over five years demonstrates its capacity to deliver local infrastructure that enables residents to better connect with their community.

Working closely with various funding partners, Council has delivered a versatile community precinct that supports Melton's current and future needs.

The Arnolds Creek Precinct encourages a healthy and active lifestyle for the whole community.

### Funding Partners

Sport & Recreation, Victorian Government - \$1.5M  
Department of Education, Victorian Government - \$1.5M
