

Toolern Creek Share Path Upgrade

Project **Shared Path Renewal Works**

Commencement **July 2020**

Expected Completion **October 2020**

More information melton.vic.gov.au/council/major-projects

Sections of the asphalt on the Little Blind Creek shared path will be upgraded as a part of Council's Footpath Renewal program. The design has been developed to respect the cultural heritage within the creek corridor and the trail will follow the existing path with minor refinements.

- The section of path highlighted will be reconstructed with concrete and widened where possible
- The footpath will be closed during construction. Please avoid accessing any fenced area
