

We are going to watch the Imagination Magic show. Registered assistance dogs are welcome.

There is car parking to park at the back of the building, including 3 accessible parking spots in the car park.

I can enter the building through the automatic sliding doors at the Main entrance that is wheelchair accessible.

I can use the bathroom that has an accessible toilet facility.

This is the foyer space where we wait to go in to see the show.

This is the room where we watch the show.

I clean my hands when I go into the room.

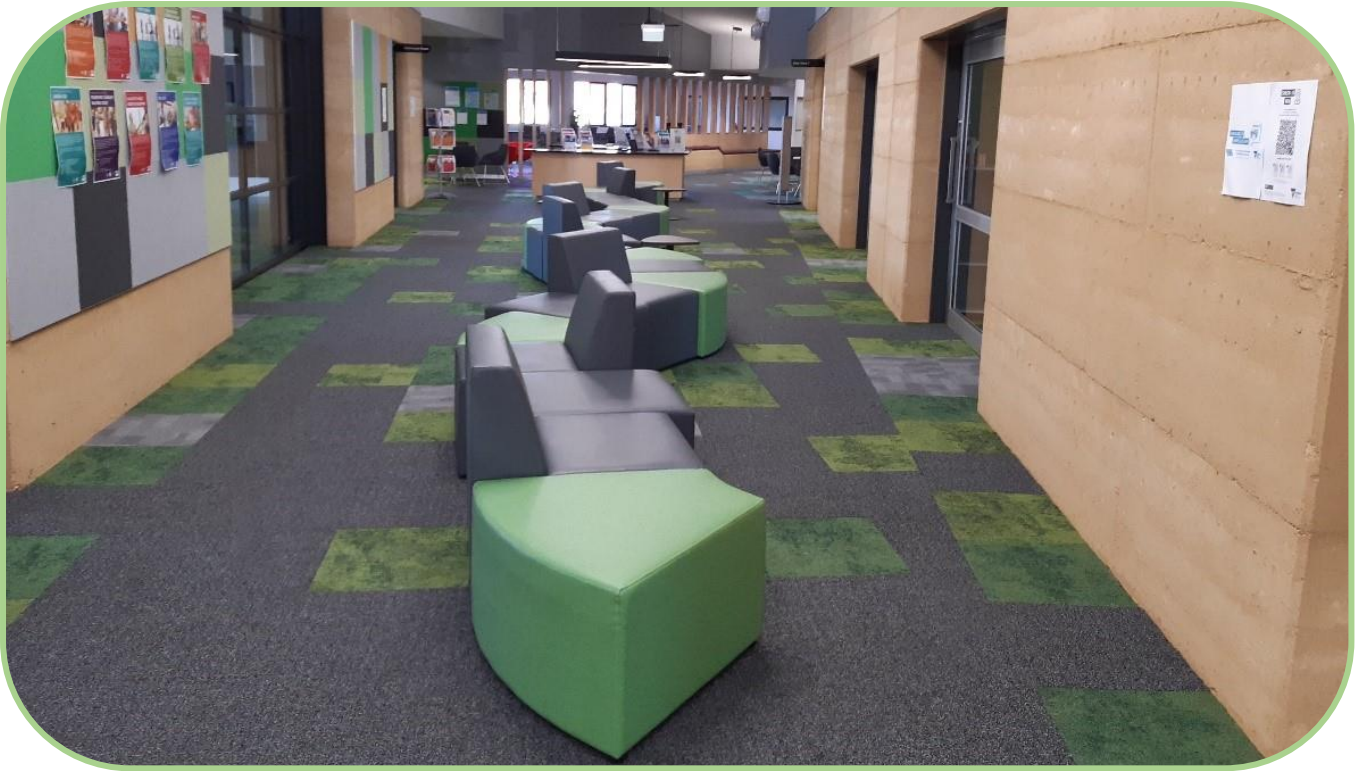

We mark off our names at the sign in table

I can choose a cushion to sit on.

Everyone sits together to watch the show.

Sometimes the show might be loud, if it is too loud for me, I can wear my headphones or have a break in the foyer.

At the end of the show we say goodbye, clean and pack away our cushion.
