1. Purpose

This policy outlines the allocation of kindergarten places by Melton City Council’s Kindergarten Central Registration Enrolment Scheme (CRES).

2. Scope

This policy applies to parents/guardians wishing to access a three or four year old kindergarten place, Kindergarten Providers, Council officers and agencies involved in the placement of children into three or four year old kindergarten as part of Council’s CRES.

Melton City Council CRES does not include funded kindergarten programs provided in Long Day Care centres.

3. Background

A CRES is a local government-led program that aims to minimise the barriers to getting Victoria’s children into kindergarten with the provision of a best practice model of Central Kindergarten Registration. The CRES takes a holistic view of a child’s journey from birth to their first day at kindergarten. It is a collaborative model that coordinates councils, service providers, MCH staff, support services and other stakeholders to support families and carers.

Melton City Council has implemented the CRES to support Best Practice recommendations endorsed by DET and MAV. The CRES will support:

- transparently, fairly and equitably allocate kindergarten places in line with the Department’s (DET) Priority of Access guidelines
- proactively identify and enrol vulnerable children in quality kindergarten programs
- minimise administrative burden on service providers
- responding to the needs of the community in early year’s services provision.

In partnership with Kindergarten Service Providers, Melton City Council Kindergarten CRES operates central registration, and allocation of kindergarten places for both three and four year old children within twenty two kindergartens across the municipality.

Once a child has been allocated a place, Kindergarten Service Providers are responsible for the kindergarten enrolments within their service.

6. Eligibility Criteria

In accordance with State Government funding agreements, the following children are eligible to attend kindergarten:

- Children who are three years of age or older by 30 April in the year they are to attend three year old Kindergarten.
- Children who are four years of age or older by 30 April in the year they are to attend four year old Kindergarten.
- Families of children born between January and April can decide whether to enrol their children in the year they turn three, or the following year. These decisions will be up to the individual families and factors that might be taken into consideration include the individual child's developmental and learning levels, family circumstances and potential school starting ages.

Early Start Kindergarten provides free or low cost kindergarten to eligible three year old children where programs are offered by a qualified Kindergarten teacher. Eligible children are those identified as Aboriginal and/ or Torres Strait Islander decent or have had contact with Child Protection or been referred to Child FIRST. Children eligible for ESK funding continue to have access to 15 hours of kindergarten per week.

Refer to the Melton City Council website for more information on eligibility criteria and language services available to families who require assistance, such as an interpreting service.

7. Allocation Priorities

The DET Priority of Access Guidelines state that in instances where more eligible children apply for a place at a kindergarten service than there are places, available children must be prioritised via:

- Children at risk of abuse or neglect, including children in Out-of-Home Care
- Aboriginal and/or Torres Strait Islander children
- Asylum seeker and refugee children
- Children eligible for the Kindergarten Fee Subsidy
- Children with additional needs defined as children who:
 - Require additional assistance in order to fully participate in the kindergarten program
 - Require a combination of services which are individually planned
 - Have an identified specific developmental delay

In line with the Victorian Government Kindergarten Guide and the DET Priority of Access Guidelines, locally agreed criteria may be implemented to prioritise and determine the order of offers made. To support fair and equitable access to kindergarten, children of City of Melton residents will also be considered for priority of access should they have the following risk factors of vulnerability:

- A parent or child has a life threatening or debilitating illness or disease
- A parent who has a disability, diagnosed mental illness or drug and/or alcohol dependency
- Court orders that limit choices for Kindergarten
- Risk of family violence
- Risk of homelessness
- Eligibility for Early Start Kindergarten.

Children of City of Melton residents will also be prioritised if they have:

- attended Kindergarten in Term 1 but withdrew
- are eligible for a second year of funded Kindergarten
- previously had a sibling attend the Kindergarten of preference, in a 4 year old program, in the year of enrolling the current child or the previous year
- two children from the same family enrolling for kindergarten in the same year.

Note: Once 1st and 2nd round allocations have been finalised, children will be prioritised according to the number of criteria met.

- In mixed-age groups, the Priority of Access guidelines will equally prioritise three and four-year-old children considered vulnerable under the policy.
- Where programs for three and four-year-olds are provided separately, the Priority of Access criteria should be applied separately for each age cohort.

In the situation that 3 & 4 year old registration has been completed on the same registration form, Priority of Access must be considered separately for each year at the point of allocation.

7.1. Families who reside outside the municipality

- Kindergarten applications from families who reside outside the municipality are required to have General Manager final approval and acceptance based on recommendations from Officers/Manager.
- Applications from residents residing outside the municipality will not be assessed until November of the year of application and will be determined on the Kindergarten vacancies at that time.
- Families are considered to live outside of the municipal boundaries if they move out of the municipality prior to the commencement of the Kindergarten year.

Note: Children in Out of Home Care may be an exception to the above and will be considered on a case by case basis according to the best interest of the child in consideration of the Early Years Compact Agreement

7.2. Second year of funded 4 year old Kindergarten

As per The Kindergarten Guide a child is eligible to receive a second year of four year old funded Kindergarten if:

- there is evidence to suggest that the child will achieve better outcomes if they attend a second year of funded Kindergarten to strengthen the learning and development of skills in these areas and better facilitate transition to school the following year.

7.3. Deferrals

- In accordance with The Kindergarten Guide and its successor agreements, an enrolment may be deferred within Term 1, provided the registration has not been recorded by the Kindergarten teacher on the DET Kindergarten Information Management System.
- Families wishing to defer their enrolment should speak with Kindergarten staff as soon as possible to discuss their child's readiness for Kindergarten.
- Families, in consultation with the Kindergarten teacher, are required to complete a Deferral form whereby their enrolment will be re-offered the following year.

Note: Families wishing to defer who do not attend the Kindergarten program will not be entitled to a Deferral. The child will need to be re-enrolled following the standard enrolment process.
