Architect: Terence Carey
Builder: 2 Construct

REGIONAL PLAYSPACE

Project value: \$1.9M
Completed: 2016
Architect: Aspect
Builder: Naturform

Planning for growth

Together with joint venture partner Lendlease, Council is developing 480 hectares of land in Melton South to support the growing needs of the community.

Council has managed the development of a variety of community facilities within the Bridge Road Precinct including an award-winning Children's and Community Centre, accredited athletics track and hockey pitch, sports pavilion and a regional play space.

Future plans for the precinct integrate the current services with 75 hectares of parkland along the Toolern Creek, a proposed future school, tennis courts, a traffic school and oval.

Key features

- 480 hectares of land located in Melton South
- \$19M of community facilities delivered in three years
- First-class accredited sports facilities
- International Association of Athletics Federation accredited athletics track
- Federation International Hockey accredited hockey pitch
- Award-winning Children's and Community Centre
- Winner of Category 6 *Landscaping/Outdoor Learning Area* by Learning Environment Australasia's Regional Awards
- Finalist in Landscape Sustainability Awards

Funding Partners

Department of Education & Training, Victorian Government - \$1.5M
